Pudukkottai, Tamil Nadu

SUMMARY

Enthusiastic Information Technology graduate with a strong foundation in programming, data analysis, and problem-solving. Eager to apply technical knowledge, learn new skills, and contribute effectively in a professional work environment. Committed to continuous learning, delivering high-quality results, and collaborating with teams to achieve organizational goals.

EXPERIENCE

Data Analyst Intern

Jan 2025 – Feb 2025

Winzone Softech, Karaikudi, Tamil Nadu

- Analyzed datasets and supported data-driven decision making in live projects
- Applied data analysis techniques using Excel to identify patterns and insights
- Collaborated with team members to resolve data-related queries and improve accuracy
- Demonstrated strong problem-solving skills, punctuality, and adaptability in a professional environment

UI/UX Design Intern

June 2025 – July 2025

Fantasy Solution, Tiruchirappalli, Tamil Nadu

- Analyzed user requirements and improved workflow efficiency through structured design
- Created wireframes and prototypes using Figma
- Enhanced usability using user-centered design principles

PROJECTS

Chronic Kidney Disease (CKD) Prediction System

2026

- Developed a data-driven system to analyze medical records and classify disease risk
- Performed data preprocessing, validation, and accuracy improvement using multiple techniques
- Strengthened analytical and problem-solving skills through handling complex datasets

Tollgate Management System

2025

- Designed a system for transaction tracking, record maintenance, and reporting
- Improved data organization and workflow efficiency through structured design

EDUCATION

B.Tech – Information Technology (CGPA : 8.02)

2022 - 2026

University College of Engineering (BIT Campus), Tiruchirappalli

HSC (83.5%) & SSLC (81.6%)

2022, 2020

Sri Venkateshwara Matric Hr. Sec. School

SKILLS

Programming: Python, Java

Database: SQL

Web Development: HTML, CSS,

UI/UX: Figma, Miro, Whimsical, Wireframing, Prototyping

Core Concepts: Data Structures, Object Oriented Programming, Machine Learning, Data Analytics

Tools: NetBeans, VS Code, MS Office (Excel, Word, PowerPoint)

Business Skills: Problem Solving, Analytical Thinking

Soft Skills: Communication, Teamwork, Ownership, Adaptability, Attention to Detail

Certifications & Training

- Foundational Python — CodeFobe — Problem-solving and programming basics
- Figma Design — Udemy — UI/UX and prototyping
- Data Analytics Virtual Experience — Deloitte Australia (Forage) — Business insights and data visualization

Languages

English — Professional

Tamil — Native
